

Varimate®

## Varimate Retention Strips

These **Varimate Extra Thin Hydrocolloid Retention Strips** provide additional security and peace of mind when needed. Available in a straight and curved retention strip.

### The benefits to you...

- Flexible, elastic, mouldable – moves with you.
- Shaped to fit – ideal for all baseplates round, square and oval on 1 and 2 piece systems.
- Adheres very well, even to damaged skin.
- Easy to apply and remove.
- Breathable, yet water resistant, ideal for bathing and swimming.
- Prevents edges of the baseplate from sticking to clothing.

**Available on NHS prescription.**
